3 Since the Govt order vests in the Committee (subject to the General Control of the Govt) the power to deal with all questions of internal management, the appointment of the staff would be a matter for the Committee. I think it is part of the duties of the Audit office to see that appointments are made by the proper authority & the Comptroller is entitled to be ~~informed~~ assured in this case that the appointments have been made by the Committee.

4 The D of ought to inform the Compr that the appointments have been made in consultation with the Committee.

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 1223/79 Enc 3

Bangalore 28th July 1913

Boc

From M Shama Rao, Esq , M A ,
Inspector General of Education in Mysore

To

C S Balasundaram Iyer, Esq , B A
Secretary to the Government of His Highness the
Maharaja of Mysore Departments of Education &c

Sir

I have the honour to forward herewith copies of correspondenc between the Comptroller and myself regarding the disbursement of pay to the employes of the Mechanical Engineering School and other institutions The Comptroller wishes me to state before he can issue structions to the Treasuries concerned for payment whether I have obtained the approval of the Committees for the appointments made From an administrative point of view I am of opinion that I should not be asked to answer any such question Para 5 of the Government Order No 8834-40/Edn 462-09-24 dated 1st May 1913 requires the Inspector General to consult the Committee and arrange details In para 6 again it is stated that the Committees are subject to the general control of the Inspector General I think that in the matter of appointments the nominations and qualifications of the persons em-

employed cannot be conveniently decided by means of a majority of the votes, especially when some of the appointments need the final sanction of Government Such matters should, in my opinion, be left to the good sense of the Inspector General who no doubt will have the good sense to consult the Committee, as he has done in the present case, and as long as [redacted] work progresses smoothly, it is best to leave such constitutional questions alone. As the employes are without pay and are clamouring for it, I request the early orders of Government

I have the honour to be,

Sir,

Your most obedient servant,

T. Shama Rao

Inspector General.

SUBJECT

By the I.G. it is seen that the Committee argues that the appointment in the Mechanical Engineering School sanctioned in GO. No 8834-40 & Edn 462-09 the 1st May 1913 shows, under para 14 of the Committee's report to which the Govt have signified their general assent in para 5 of their order be made with the approval of the Committee of the School and he has therefore requested the I.G. of Edn to inform him whether the approval of the Committee was obtained for these appointments. The I.G. of Edn states that he should not be asked by the Committee to answer such a question, as para 5 of GO of the 1st May 1913 gives assent to the general lines of work in the technical Schools sanctioned to be opened and leaves the details to be worked out by the I.G. of Edn in consultation with the Committee of each School, and that in para 6 of the same order it is said that the Committees will be subject to the general control of the I.G. of Edn.

2. Govt observe that the direction quoted by the Committee in support of his argument did not mean to interfere with the power of making appointments vested in
